

CENTENNIAL PUBLIC SCHOOL - PERFORMING ARTS AUDITORIUM

Cheever Construction provided services, attended meetings with school board members and conducted public meetings to hear what priorities the citizens of Centennial's district desired in a newly proposed facility. Numerous options reviewed with estimates updated specific to each version. The 2009 project entailed a new 22,000 SF Performing Arts Center with seating for approx. 500.

The administration addition was included to the current facility. The project also consisted of a complete fire sprinkler system in both the new and existing facility.

This addition consisted the following additions:

- Gymnasium
- Locker room
- Science Classroom / Labs
- Industrial Tech
- Voc. Ag. Classrooms.
